

The club dedicated
to excellence.
Being the best has
its advantages.

Corgi is the only company in the world able to supply technologically advanced wheel service equipment for all product ranges: **tyre changers, wheel balancers and wheel aligners**. When you choose our top products, you become a Technological Partner of the leading company on the market, a guarantee of expertise in the production of **equipment that both services wheels and serves customers with total respect**. A safe choice and a decisive competitive advantage.

Corgi **Technology Partner** is the first community exclusively for professionals who have decided to increase the operative quality of their workshop by working with products equipped with advanced technology.

Enter **www.corghitechnologypartner.com** and listen to their stories and how they were able to become part of our national excellence.
